

## **Defensive Driving Course DDC 6 (2 days)**

The program will cover the attached topic in professional ways by top instructors' quality in Egypt and Middle East.

### **1- Class Room Theoretical Training (1 day)**

DDC-6 is a fast-paced four hours driver improvement program ideal for all employees. Customized to 6 hours to address specific topics of interest to participants and address driving conditions related to the local driving environment.

### **Course Overview and Outcomes:**

This course provides participants with tools, tips and techniques that offer positive choices regarding to driving decisions and motivates them to embrace personal change in their driving behaviors and attitudes. Designed to address three driving related factors from a safety-conscious perspective: the driver, the vehicle and surrounding conditions. Our course focuses on collision prevention through hazard recognition and application of collision-avoidance techniques. Additionally, the course addresses common driving violations that result in collisions and how to change driving habits to eliminate moving violations.

### **Course Topics:**

- Defensive driving techniques
- Hazard recognition
- How to avoid a collision, with case study scenarios
- How driver behavior and mental conditions affect driving
- Crash impact on passengers
- The “Fatal Four” causes of crashes
- Driving skills inventory and assessment
- Emotional impairment, common driving irritations, and “pet peeves”
- Aggressive driving and road rage
- Fatigue and drowsy driving
- Vehicle maintenance and pre-trip inspection
- Wheels and tires
- Local Driving Culture
- Personal driving style evaluation

## 2- On-The-Road Practical Training & Assessment (1 day) Behind The Wheel “One-on-One Coaching

This Program is the second step after the class room training to coach and evaluate drivers behind the wheel skills

**Before The Ride:** Our session starts before the driver moves the vehicle, we start observing if and how the driver adjust the seat, the mirrors, checking underneath and around the vehicle before getting in

**On The Ride:** The instructor will use a coaching report including an entire checklist. Instructor will evaluate driver’s performance in each designated area by filling out the checklist,.

**After The Ride:** Instructors will review the ride at the end of the session with the deriver, coaching him or her about areas that need improvement

We deliver a final performance and coaching session report for each participant
