Company Profile

Welcome!

Think Training & Consultancy is a work-based training provider. Our aim is to provide high quality training and development opportunities to both individuals and companies.

“We aim to be the training provider of choice, enabling businesses and individuals to realise their development and training goals and aspirations.”

Our Approach

We are dedicated to providing quality training that meets the learner's and employer's needs, enabling them to grow both personally and professionally. Our training is centred around individualised learning programs, flexible delivery and work-based learning. We work with you to develop a training program to enable you to develop the knowledge and confidence to achieve your full potential.

Our People

Think Training & Training is a company with a passion for lifelong learning and personal development. Think Training & Consultancy deliver all programs in professional ways by top instructors' quality in Egypt and Middle East. All of our trainers have studied in further and higher education as mature students, and have first-hand experience of the positive, life-enhancing effects that education and training can have, because Think see the most important asset of any business is the knowledge, skills and abilities of its human resources. Think Consultant assists you in developing your employees in a cost effective way by offering custom training programs.

Our Vision

To be part of people's attitude and behavior in live by providing reliable and simple training that help individuals and groups to interact, communicate and achieve better.

Our Mission

To position our service as the leading training provider in Egypt, providing the best training quality service to our clients, the best working environment for our team force, top value for our stakeholders and proudly contributing to the development of our community through delivering value.
